

VOTER VOICE

UTILIZING GRASSROOTS ADVOCACY

Get involved today with the issues that matter most to you and your local school. Sign up and receive updates on policy initiatives that PTA units state-wide are advocating for in order to better serve our schools and enrich the lives of all our children.

Send emails directly to representatives

With pre-written text (by us), contacting your representatives about pressing issues is as easy as entering your email!

Stay informed on local legislation

Your representatives may not be in the target group, but email alerts will allow you to stay informed on what is happening.

Spread the word to increase impact

Grassroots advocacy needs to be spread. We rely on you to share these updates and encourage others to sign up.

Sign up today!
